

The Greenwood Report

André at ASU

André's program at Arizona State University went off well. We tried a new approach to promoting this show. Instead of having a host church or organization provide the leg work of making all the arrangements and getting the publicity out, we - the office staff, did it ourselves. We are testing this method with the intention of doing programs on smaller campuses which don't have Christian organizations to otherwise bring André in.

Funniest Home Videos

Last weekend I transferred our home movies from tape to DVD. While the tapes were playing I just left the TV on so we could informally monitor how the project was progressing. As a result, various family members would walk by and get engrossed for a while before going on about what they were doing. On several occasions I looked around to see all five of us gathered around and laughing at these most precious memories; many of which we had not viewed since they were recorded. That really blessed my soul.

Please pray for:

- Scheduling of André's show this summer and fall
- Guidance for a new DVD project of André's

Driving Miss Hannah

I just want to put the word out that we are looking for a reliable, used, mid-size or larger, vehicle for Hannah to drive. She would like an F-Series type truck. (It's good to have dreams, right?) I'm hesitant about purchasing a used vehicle from a stranger, so would be grateful to you for any recommendations of someone you know who is looking to sell a vehicle. Otherwise, please join us in praying for God's provision in this area.
