The Greenwood Report

Sheila Volunteers as Interim Children's Director

Last month Sheila was asked if she would consider stepping into the role of Children's Director at our church, since the current Director was moving away. Sheila seemed a great choice since she has been at this church for 26 years, and very active in the children's ministry for 20 of those years. Her gift of administration is an asset as well.

Due to Campus Crusade's policies, she can not take an outside salary, but she is happy to volunteer for this 30 hour per week position to help out on a temporary basis. Since our church is currently searching for a Senior Pastor, we anticipate that she will fill in until one is found, assuming that the new pastor will want to have input on the selection of Sheila's long term replacement. We recently placed an order for 408

Foam Balls for Illustrations

foam balls to go with the Three Ball Gospel Illustrations I make and distribute. They each need to have a hole drilled through them so they can be displayed side-by-side on a rod.

Then the middle ball, representing sin, can be magically removed, allowing the two balls on each side, representing God and man, to be reunited without the barrier of sin separating them.

The stack of boxes in the photo is enough to make 74 sets of the large version. Another 180 smaller balls have been processed to make up 60 of the small version.

Next - making crosses.

Movie Sample

We are currently waiting for the Lord's provision of funding for the next big step in producing The Supernatural Project. In the meantime I'm working on figuring out what the look and feel will be. For example, deciding what transitions between scenes will look like, or how we will show old, low quality footage, or how on screen text will be displayed.

Here is a sample presentation that we will use in social media channels when we begin promoting the movie. <http://ow.ly/Akxkm> For a limited time you can view it with the password "sample".

Prayer Requests

- Guidance and wisdom for Sheila in this busy time preparing to kick off the Sunday School and Awana programs
- The Three Ball Illustrations to be used by the Holy Spirit to effectively communicate the Good News in whatever language/culture they are presented
- God's direction and provision of the funds for the Supernatural Project movie
