Quick ... you've only got a few moments to share Christ's message of redemption with our "distracted" society ...

Now, more than ever ... people of all ages find they're distracted every which way possible! Yet one thing that continues to

command their attention is entertainment - and especially things that make them wonder. Magic ... the kind you've seen **David Copperfield, David Blaine, and Criss Angel** do on TV ... does just that. In fact, it has been through live performance of stage illusions that **André Kole** has been able to share the gospel message with over **one-and-a-half-million people over the last 50 years.**

What do YOU do?

Andre Kole's ministry was established by **presenting the gospel clearly**, in a non-threatening manner that is **relevant to the society** we live in. And, as you probably already know, we are continuing to expand on that philosophy by making a documentary movie which **capitalizes** on the

fascination people have with **supernatural phenomenon**. You can see a **four-minute teaser** about the

movie on your phone, tablet or computer by going here: bit.ly/IGNTUF .

The password is "relevant". We anticipate an **intense year of production** and editing in order to finish this feature movie and start showing it to those who need to be challenged about **what they believe**.

Thank you for your involvement in helping us bring this culturally relevant **message of hope** to people who might not otherwise hear it.

Yours in Christ,
