February 2016

This is a supplement to the accompanying report on the Vision Conference. I wanted to share from some of the “thank you” notes that the students wrote to those of you who contributed to the scholarship fund for helping send the 11 students from Arizona State University. The following have been edited for brevity and to preserve anonymity.

I am Johnny (not his real name) who went to Vision Conference 2016 with your help. First of all, I want to thank you very much. Sincerely, I appreciate that you gave me this opportunity and scholarship to go to Daytona Beach. I had a great time there. That is a perfect place especially with wonderful friends.

After I back to Arizona, I thought about the discussion at Conference. I believe I learned something. Although I am a seeker, it is also important for me to find the purpose of my life. Besides, Christian thinking also influenced me a lot, like how to face bad things in my life. For sure, I met tons of new friends and had fun with old friends.

So, thank you again! My name is Johnny and I come from China. Hope I can see you in the future!

I am soooo excited to join this conference!!! It is so amazing~~~and I appreciate that Bridges give me the opportunity to join this conference!

This conference gives me a lot, not only some new amazing friends lots of fun activities but also some changes in my mind. From now on, I know Jesus and Christ more, which is most impressed me, and I want to be a nice and a better lady - And if you ask what is the most enjoyable to me, I think is the share of a Chinese couple from Alaska, they let me know the different life style and value of one's life and Jesus is exact the reason for this difference!

Last but not the least , thank you very much dear scholarship donors. You give me the chance to feel so wonderful five days!

I would like to thank you for the scholarships made available to me due to which I was able to make to the vision conference 2016.

Attending vision conference 2016 was the best last thing happened to me last year and I could not have asked god more beautiful and memorable new year evening other that this and this all happened because of your sponsorship. This conference was also the life changing time for me as I learnt about the eternity of god and how he help us in different ways made me think about the life in completely a different way. I also met so many new peoples from different countries and made many of new friends which are not temporary. I once again thank you for all the efforts and scholarship you provided.

Thanks & Regards,
