Dear Friend,

You may remember that a few months back I told you about how Bridges International can be described by four S's, and I described one of them - *Social Connections*. This month I'm telling you about:

Service Opportunities — Serving international students and equipping them to serve others.

Here are a few of the things we do to serve the students at Arizona State:

- Weekly meetings which often include presentations about American culture, how to make friends with Americans, dealing with stress, holidays - especially the history behind significant Christian holidays such as St Patrick's Day, Easter, and Christmas.

English conversation

Christmas carols

- English Conversation classes where students can practice talking with native English speakers.
- A four week class which gives an overview of Jesus and the Bible, with the option to continue with an extended *Discovery Bible Study* for those "seekers" who would like to learn more about Christianity.

Praise and Prayer

- **Praise** for the two grad students who decided to follow Jesus last month
- **Praise** for God bringing in two-fifths of my needed personal financial support goal
- **Pray** for growth/discipleship of our new brother and sister in Christ
- **Pray** for the promotion of our evangelistic Easter Celebration Dinner for internationals
